

## 2.4MP AHD IR Dome Verifocal Camera

- 2.4MP AHD IR Dome Camera
- 1/2.9" 2.4MP CMOS Image sensor
- 2.8-12MM Verifocal lens
- 25/30fps@2.4MP
- 0.01Lux@(F1.2,AGC ON), 0LUX with IR
- Support 3D DNR and digital WDR
- Support UTC
- Support TVI/AHD/CVI/CVBS output

### Benefits Over Features

**Stable Connectivity** – Our AHD CCTV Camera, in comparison to Wifi-dependent cameras, offers a stable, reliable, and safe connection with innovative AHD technology. Our camera guarantees to offer seamless, continuous monitoring against network vulnerabilities or signal disruptions. This way, our camera ensures that your peace of mind is never compromised.

**High-quality Imaging** – Our AHD Dome Camera comes equipped with a 2.4MP resolution, allowing it to record crystal-clear, crisp, detailed footage in every lighting condition – bright or dark. This way, even at night or in poor lighting conditions, it makes it easier to identify and monitor subjects and objects with utmost precision.

**Verifocal Lens** – Our camera's verifocal lens makes it super convenient to change the focal length. This feature gives you more freedom to vary the zoom level and field of view to meet your unique security needs, improving the overall efficacy of your surveillance.

**Weatherproof Design** – Our AHD CCTV Camera is designed to withstand harsh weather conditions. Its robust build makes it potent to resist rain, dust, and varying temperatures. This ensures dependable operation in outdoor environments 24/7, 365 days a year.

## Addressing Pain Points

**Reliability Assurance** – Our Security Camera without Wifi provides a dependable surveillance solution that is impervious to Wi-Fi signal variations or network outages. By eliminating the use of Wifi or other external internet sources, our camera not only ensures consistent monitoring but also aids with the robust enforcement of security measures.

**Enhancement of Security** – Our AHD Dome Camera reduces security risks and vulnerabilities by providing clear and comprehensive footage for efficient monitoring and incident management. It does so with its sturdy build, high-quality imaging capabilities, and other advanced features.

**Simple Installation** – Our Dome Camera's hassle-free installation is meant to allay installation complexity worries. The camera's sleek design makes it super easy for users to attach it to walls or ceilings using conventional mounting hardware. Our camera is perfect for both professional and DIY setups.

**Trueview 2.4MP AHD IR Dome Verifocal Camera** – Your solution for high-definition, adaptable surveillance. Capture every angle with superb clarity, zoom into security with precision, ensuring no corner gets missed!"
