Features

- CONCEALED, HIDDEN, DISCREET USB CAMERA: Designed in the shape of a common USB charger, no one can ever suspect that it is a 1080p hidden camera. This spy USB camera can be used to monitor your babysitter or pay close attention to your office or home.
- FULL HD 1920 x 1080P VIDEOS: Records video in exceptional 1920X1080P HD at 30 frames per second.
- GREAT MOTION DETECTION: On motion detection mode, when the camera captures a slight movement, it automatically starts recording. This saves a lot of space in memory card and serves as an evidence provider!
- PLUG AND PLAY: Insert the SD card and just plug it into the wall when you're ready to start recording and unplug it when you're done recording. The unique video protection program allows the camera to split a video every 5 minutes to prevent accidental power failure.

- **LOOP RECORDING:** Supports loop recording video. Automatically overwrites oldest video files if the SD card is full. Keep an eye on babysitters, nannies, caregivers, or employees at home, work, or anywhere else
