# Welcome to the Family

EVM, established in the year 2000, is a leading privately held company in India. The company has a strong presence in the fields of Consumer Durables, IT, and Mobile Accessories. At EVM, we are dedicated to being a 'Made In India' brand that is focused on fulfilling the needs of our customers and providing them with value for money products.

Our journey began 23 years ago with a vision to improve the lives of individuals by providing them access to the latest technology and smart value products. Over the years, we have successfully sold over 25 crore products worldwide. Our products have been designed and manufactured by Indians, for Indians. We take pride in having a cutting-edge factory located in Vasai, where we design and manufacture our products with the utmost attention to quality and affordability.

Our state-of-the-art factory in Vasai allows us to design and produce top-quality, budget-friendly products with the utmost care and attention. It is our goal to continue to provide our customers with products that meet their needs and exceed their expectations.

# Our Factory

At EVM India, we are committed to being a company that truly embodies the spirit of "Aatma Nirbhar Bharat" or self-reliance. As a 100% Indian-made company, we take great pride in manufacturing majority of our products in-house, ensuring that we are self-sufficient in every aspect of production.

We are dedicated to providing high-quality products that meet the needs of our customers. We are proud to be a flag-bearer of the "Aatma Nirbhar Bharat" initiative promoted by the Honorable Prime Minister of India, Shri Narendra Modi.

In line with our corporate vision, we are continuously working to innovate and strengthen our position in the fast-paced consumer electronics market. We believe that by staying true to our roots and maintaining our focus on self-reliance, we will be empowered to offer great quality products at affordable prices, which are designed for Indians, by Indians.

The image features a gaming setup on a desk. In the background, a monitor displays a colorful, abstract scene with blue and red light trails. In the foreground, a white and grey gaming keyboard with multi-colored backlighting (red, blue, green) sits on a dark desk. To the right of the keyboard is a white and grey gaming mouse with blue accents. The desk has a red LED light strip along its edge. The overall lighting is dim, with the primary light sources being the keyboard's backlights and the monitor's display.

# Free Pick Up & Drop After Sales Service

EVM pickup and drop service offers customers a hassle-free experience by picking up their faulty or defective devices from their homes and delivering the exchanged or new product back to them for free. This service eliminates the need for customers to leave their homes to exchange or repair their devices, making it convenient and easy for them.

Please find the below process for your reference..

## How Pickup and Drop Service work

# “Buy one Give ten”

With the aim of growth we also take the responsibility for our actions and a positive impact towards the substantial world, to help and to balance the economic prosperity and social progress. Thus we initiate to help out cancer children by our program under “Buy One, Give Ten.”

We focus on providing support to the cancer children bearing this burden of the disease they suffer through donating Rs.10 on every product we sell. Providing best diagnosis and treatment is not sufficient since the cancer fees are recommend high. Therefore we have been making efforts to minimise pain as well as keep children in a positive frame of mind.

**Thanks For Contributing Rs 10/- for Children cancer fund.**
