Benefits over Features

High-Resolution Recording – Using our 16 Channel DVR, you can retain footage in 4K resolution. This way, our DVR not only ensures clear and detailed footage but also enables precise identification of individuals, objects, vehicles, etc.

Intelligent Video Recording Technology : Our DVR for CCTVs comes equipped with the most advanced technology. With efficient motion detection capabilities, it only records relevant footage, helping you optimize the storage space. Moreover, with the help of other user-defined criteria, it further reduces storage costs, enabling simplified data management.

Scalability – With 16 channels, our DVR offers flexibility and scalability, accommodating small to medium-sized camera systems. For any future expansion needs our 4K DVR for CCTVs offers you high convenience, enabling smooth management.

Remote Accessibility – Our 16 channel DVR allows you to access live or recorded footage remotely through the web interface and TrueCloud App (available on the Play Store and App Store). This way, you can monitor in real-time from anywhere with stable internet connectivity. As the footage is handy and you can manage it no matter where you are.

Addressing Pain Points

Storage Efficiency – The efficient DVR technology of our product addresses storage space limitations concerns. By selectively recording pertinent footage, our DVR for CCTVs ensures that critical events are captured and unnecessary data storage is minimised.

User-Friendly Interface – Despite its advanced features, our 16 Channel DVR boasts an intuitive user interface. This makes it easy for homeowners or small business owners to set up and operate their CCTVs without any hassle.

Reliable Performance – Designed for reliability and durability, our 4K DVR for CCTVs provides consistent performance, ensuring continuous surveillance coverage. With our DVR at your disposal, you need not worry about any surveillance discrepancies.

Trueview 16 Channel DVR (Support Up to 4K) – A reliable and robust surveillance system for enhanced security. Safeguard your properties no matter where you are!
