

## 2.4MP AHD ATC Dome Camera

- 24/7 All time color
- 1/2.9" 2.4MP CMOS Image sensor
- 4 mm fixed lens
- 25/30fps@2.4MP
- 0.01Lux@(F1.2,AGC ON), 0LUX with IR
- Support 3D DNR and digital WDR
- Support UTC
- Support TVI/AHD/CVI/CVBS output

### Benefits Over Features

**Stable Connectivity** – Our camera, unlike Wi-Fi-enabled cameras, uses AHD technology to ensure consistent and secure connectivity. By reducing the possibility of network weaknesses or signal disruption it enables continuous surveillance.

**High-Resolution Imaging** – With a 2.4MP resolution, our AHD Dome Camera captures images and footage with exceptional clarity in all lighting conditions. Its superior images help in the precise identification of both humans and objects.

**Durable Construction** – Our AHD CCTV Camera accompanies a durable build. Its obtrusive dome construction provides protection against theft, tampering, and harsh weather, ensuring dependable operation even in difficult situations.

**Easy Installation** – Our camera is also ideal for both professional and DIY installations because of its easy installation process. The ease of setup allows for swift installation of the camera on walls or ceilings using conventional mounting equipment.

## Addressing Pain Points

**Safety Assurance** – Our AHD Dome Camera ensures continuous monitoring and safety without relying on external internet sources. This aspect makes it a dependable surveillance solution impervious to variations in Wi-Fi signal strength or network outages.

**Security Enhancement** – Users who are worried about data privacy and integrity can feel more at ease because our camera operates independently of external internet sources. This aspect lowers the potential security threats connected with wireless transmissions, such as hacking or unauthorised access.

**Connectivity Flexibility** – Our AHD Dome Camera assures smooth integration with current CCTV systems and infrastructure, making it a good substitute for Wi-Fi-dependent cameras. This way, our camera provides connected surveillance solutions.

**Trueview 2.4MP AHD ATC Dome Camera** – Your vigilant surveillance partner. Secure every corner with crystal-clarity day and night!”
